The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Munster River Bend New Generator Upgrade Project in Fiscal Year 2027. The entity to receive funding for this project is the Town of Munster located at 1005 Ridge Road, Munster, Indiana 46321. The funding would be used to replace an emergency generator at the Town of Munster's main pumping and storage booster station. The project is an appropriate use of taxpayer funds because the Town of Munster River Bend New Generator Upgrade Project will provide greater operational security, improved emergency preparedness, and a more dependable water supply within the Town of Munster

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

  
Frank J. Mrvan  
Member of Congress
